Mackenzie King Is Liberal Leader

Ottawa.—Hon. W. L. Mackenzie King, minister of labor in the Laurier administration, is the new leader of the Liberal party. It was so acclaimed on the eve of the close of the national Liberal convention, when his most formidable rival, Hon. W. S. Fielding, moved that his election be made unanimous. Mr. King, who subsequently spoke, was given an ovation, as was also Mr. Fielding, when he congratulated his successful opponent on his victory. Mr. King was elected on what is officially the fourth ballot, but, as a matter of fact, only three votes were taken. This because some of the delegates cast their votes in the third ballot before Hon. George P. Graham had announced his decision to retire and the ballot was thrown out. There was a similar mishap when a number of delegates voted before D. D. McKenzie retired. As a result it was decided to take the fourth ballot on number five ballot paper. With the contestants reduced to two in number, the interest in the final vote was intense. The vote, as announced by Hon. G. H. Murray, chairman of the convention, was 470 for Mr. King and 438 for Mr. Fielding, majority for the former of 38.

Rumania Must Obey Order Of Council

Inter-Allied Relief Commission Put Pressure On Rumanians To Leave Budapest.

Paris.—Herbert Hoover, head of the inter-allied relief commission, has stopped all relief supplies to Hungary by Budapest, taking the position that he would be unwarranted in helping supplies reach Hungary while the Rumanians are now depriving the people of foodstuffs.

Members of the United States peace delegation said that there are no United States troops now in Budapest, and that none will be sent there. It was added that the only United States citizens in the Hungarian capital are officers, and possibly a few soldiers engaged in relief work.

The supreme council has sent a note to the Rumanian authorities begging them to conform to the decisions of the entente and not to embarrass by previous action the work of the inter-allied investigating commission sent to Budapest.

Rhonda's Millions.

Toronto.—Millions of dollars of the estate of the late Lord Rhonda, are now on their way to the United States, and will be invested in the Cobscook, Porcupine, Abitibi and Peace River portions of Canada.

This information was given by V. Lloyd-Evans, of Vancouver, who is secretary of the Lord Rhonda, and has been looking after various interests of the estate in Canada for several months.

Ira Stratton Resigns.

Winnipeg.—Ira Stratton, president of the Manitoba Civil Service association, has resigned.

Rumania Must Observe Terms Of Armistice

Paris.—Nicholas Minin, of the Rumanian peace delegation, was summoned before the supreme council which gave him a communication for his government, saying that the Rumanian ultimatum to Hungary cannot be recognized by the peace conference and calling upon the Rumanians to live up to the armistice terms.

Minin said that the Rumanians were taking back supplies which German Field Marshal von Mackensen took from them, but this explanation did not alter the decision of the supreme council, which was unanimous.

While the French government apparently were inclined to regard Rumanian occupation of Budapest favorably, it was evident from the last council meeting that they have changed their position since the Rumanian ultimatum and are now heartily in accord with the British and United States position which the Italians have been supporting consistently.

It was made clear at the meeting that the Rumanian government has cut off the communications of Central Europe and made it impossible to control the situation.

U. S. Lecturers Are Classed As Intruders

British People Would Settle Their Affairs Themselves.

London.—Answering a question in the house of commons as to whether the government considered interfering in the U. S. election here by a prohibition campaign, "the British electors prefer to settle their domestic questions for themselves," Edward Shortt, secretary of home affairs, said:

"I am disposed to agree with the suggestion that the British people can settle this matter for themselves, but as I have stated, I do not think this step by the government necessary."

The first part of the home secretary's answer was cheered.

Exemption Cases

New Judgment Has Important Bearing on Legality of Orders-in-Council.

Montreal.—A judgment which may have an important bearing upon all exemption cases under the Military Service act, in that it questions the legality of an order-in-council cancelling exemptions which have been duly and legally granted under the letter of the act, was handed down by Judge Lacombe in the case of Laford vs. Senecal.

It is indicated in the judgment that it may be necessary to relax most of the cases. The judgment says that no order-in-council could abrogate penalties imposed under the Military Service act, and that it should not be allowed to cancel exemptions granted.

Britain's Thanks

Formal Reception Given Military Leaders and Others for War Services.

London.—Marshall Foch of France, the allied chief in command, and various military and auxiliary services of Great Britain that served in the war, were given a formal vote of thanks by the house of commons. The vote included mention of the British women's organizations.

Police Favored Strikers

Sensational Testimony Added To Evidence In Case of Sedition Conspiracy.

Winnipeg.—Direct evidence that the city police stood by and watched the strikers on the first day of the strike, while they deliberately treated strikers on their way to work, trespassed and destroyed property, was given at the trial of the eight strike leaders by A. A. Riley, of the Canada Bread company. Denial that the citizens' committee of one thousand "captured" any other information that it was formed for any purpose than endeavoring to continue the operation of public utilities during the strike was also tendered by Edward Parnell, of the Speirs-Parnell Baking company, at the morning session. Sandy Cuthbert, of the city street commissioners' department, also told of threats that had been made if he did not quit work.

He stated that one of the strikers, an Austrian, and a former employee of this department, had threatened to kill him.

R. B. Graham, crown prosecutor, was the first witness called at the afternoon sittings of the court. He stated that the police were permitted to remain on duty by the strike committee but could have been called out at a moment's notice and that at the outbreak of the trouble in Winnipeg they were not subservient to the orders of them, but rather the other way around.

A. A. Riley, manager of the Canada Bread company, gave evidence that he had no notice of the strike until about 12:30 p. m. the first day of the strike. That evening, said the witness, an organized gang, two truckloads of "strong arm men," came from downtown under the leadership of a man named Winters, whom witness believed was organizer for the strikers. These men forced entry the building, shut off the machinery and prevented the men from working.

In response to a call by telephone for aid, a police officer came, said witness, and as we entered the building the strikers came out. The officer he said: "We've cleared the place—scab out." The policeman replied: "That's fine." Turning to the policeman, I said: "This is pretty tough luck; they've done some damage," and he replied: "I know, but the people are not going to stand for such business to be carried on in this city."

Rioting At Liverpool

Soldiers Charged Mob With Bayonets and Distasteful Shots Are Heard.

Liverpool.—Troops at midnight charged with bayonets and dispersed a crowd of strikers outside St. George's Hall. Several of the soldiers were beaten with axe-handles by the strikers. At the same time, firing was heard from the Scotland road. Details of the trouble there have not yet been received.

The chief of police, St. George's Hall resulted from an attack on a sentry by rioters who endeavored to take away the sentry's rifle. The rioters had the gun in the air. A squad of troops responded and charged the disturbers.

Strong Tariff Resolution

Text of Resolutions Submitted to the National Liberal Convention.

Ottawa.—The full text of the tariff resolutions submitted to the national Liberal convention was as follows:

"That the best interests of Canada demand that substantial reductions of the burdens of customs taxation be made with a view to the accomplishing of two purposes of the highest importance: First, diminishing the very high cost of living which presses so severely on the masses of the people; second, reducing the cost of the instruments of production in the industries based on the natural resources of the Dominion, the vigorous development of which is essential to the progress of our country."

"That these ends, wheat, wheat flour, and all products of wheat, the principal articles of food, farm implements and machinery, farm tractors, mining, flora and sawmill machinery, and repair parts thereof; rough and dressed lumber, glass, iron, steel, lubricating and fuel oils, etc., net twines, and fishermen's equipment, cement and fertilizers, should be free from custom duties as well as the raw material entering into the same."

"That the revision downwards of the tariff should be made whereby substantial reductions should be effected in the duties of wearing apparel, and foodstuffs and on other articles of general consumption (other than luxuries) as well as on the raw material entering into the manufacture of the same."

Trunks Refused To Obey Orders

Munition Caused Police General To Revoke Command.

Berlin.—A dispatch to the Vorwarts from Bromberg, province of Posen, says it has been learned that the real reason for the resignation of General Munnich, commander of the Polish troops in Posen, was that there had been singularly munition of the troops in Posen, Germany, and Warthe, and also at the front. Entire companies and even battalions, the dispatch says, refused to obey orders and maltreated their officers. In the Warth camp, officers, who endeavored to have resort to force, were shot dead or were badly wounded.

The reason for the disturbances is given as growing discontent on the part of the soldiers at the Russian system, which Munnich introduced.

Another major development of the day was the making public of the federal trade commission's report on the high cost of living. This report charges that the high price of shoes is due to excessive profiteering from every dealer in the trade. Tanners, manufacturers, and retailers all share in the blame. The report was placed before Attorney-General Palmer.

London.—"If we continue spending at the rate we are now, it will lead straight to national bankruptcy," was the strong warning given by J. Austen Chamberlain, chancellor of the exchequer, in the house of commons.

"We cannot increase production," he continued, "we shall go straight to national bankruptcy. Neither increased production nor reduced expenditure alone will be sufficient. We have got to do both if we are to pull through and turn the corner. The balance between production and expenditure is definitely and seriously less favorable than when I made my budget statement. Both sides of the account are failing to realize expectations."

"The delay in the conclusion of peace involved greater naval and military expenditure, and one of two new blocks of expenditure have been sanctioned."

Mr. Chamberlain cited an additional £2,000,000 for pensions and increased naval pay and £4,500,000 for the police. On the receipts side, the speaker continued, the decision to continue control of food meant delay in realizing on the vast trading in stocks of the food and raw materials, therefore, £7,000,000 from that source will not reach the exchequer this year.

"The present government, Mr. Chamberlain said, saw the seriousness of the situation and was endeavoring to find a remedy."

FRIDAY, AUGUST 15, 1919

We certainly admire the way Drummheller people solved the Bolsheviki O. B. U. I. W. W. problem. Other mining towns might adopt the system with good results.

The management of the Calgary Stampede are working hard for low railway rates, but so far their does not appear to be very much chance of success along that line.

FIRE

About 2 o'clock Friday afternoon fire broke out in a house owned by J. B. Boese and occupied by C. W. Stewart, east of the tracks. An alarm was sent in and the fire brigade responded promptly. In a few minutes one chemical was at work, and showing results. The nozzle on the second chemical did not work right and it took some time to get it started. At this stage it looked impossible to save any part of the house which was on fire as a roaring furnace inside with the flames bursting from every window. But when the water commenced coming through the big hose the blaze soon showed signs of subsiding, and in less than half an hour the fire was out.

The house was badly damaged but may be worth rebuilding. The contents was practically a total loss, very little being saved and that little badly scorched.

The fire is believed to have started from hot ashes. We are informed that there was no insurance on either house or contents.

The water pressure was very strong and both the water and the chemical engines did good work in putting out a fire that appeared to be beyond control.

DIED

Mrs. Ellen Hendry Goodrich died at her home in Clareholm at 10:30 p. m. Wednesday, Aug. 13th, 1919.

Mrs. Goodrich was born in Bolivar, N. Y., March 28th, 1834. She was the youngest of six children, none of whom survive her.

She lived in Bolivar and vicinity all her life until about one year ago when she with her husband, Matt D. Goodrich, moved to Clareholm to be near their daughter Mrs. John Fraser.

She has made many friends since coming to Clareholm. Although not in the best of health, she was always looking and planning for others.

She will be greatly missed by her immediate family as well as by a large circle of friends and neighbors.

Mrs. Goodrich joined the Baptist church about forty years ago.

She is survived by her husband, Matt D. Goodrich, a daughter, Mrs. John Fraser, and three grand children, Arnold Fraser, Mrs. Maude Miller and Mrs. Myrtle Mulligan, and one great grand child, Shirley Miller, all of Clareholm.

The funeral was held at the house Friday afternoon at 2 o'clock, conducted by Rev. F. W. Locke, pastor of the Methodist church.

CORRESPONDENCE

Clareholm, Aug. 14, 1919.
The Editor Review-Advertiser.
Dear Sir:—In your issue of the 8th inst. you publish a letter signed "Taxpayer" in which questions are asked in regard to the town pound, etc. As these questions are asked in the Mayor and Council I have been requested by the Mayor to publish a reply in full with your kind permission.

The scheme adopted by the Council this year in handling the pound is as follows:

Mr. Brock, the town teamster, agreed to take charge of the pound and also collect the dog tax in addition to his regular duties as teamster, and in order to handle this work in an efficient manner he would furnish a horse and saddle, and in addition to this the horse was to be worked along with the town team in hauling the leveller over the streets, when required. In return the town was to feed Mr. Brock's horse and allow him 25 per cent of all monies collected through the pound and dog tax.

This agreement was ratified by the Council on March 13th and came into effect on the 1st of April. Mr. Brock's horse went into the town barn on or about that date. The wages paid as tent in \$100.00 per month.

"Taxpayer" quotes some figures as to the cost to the town for the upkeep of this horse which require some attention as they are misleading.

The new tax for April 1st to July 31st is a little difficult to arrive at for the reason that there was a quantity on hand when this horse was put into the barn but we can strike a daily average by taking "Taxpayer's" first two consignments purchased from the L. F. A., viz: May 13th \$93.00 and June 26th \$89.00 a total of \$182.00. This amount was presumably all fed by the 22nd day of July, the date of the last purchase, and gives us a total of 70 days for \$182.00 worth of hay or a daily average for three horses of about \$2.61 per day, or 87c per day for hay for Brock's Horse.

The item for chop is easier got at as a consignment was received just after the horse came to the barn, to be exact, on April 3rd, and from that date and including that purchase, the total amount of chop purchased up to July 31st is \$108.85, and the number of days from April 1st to July 31st is 122, an average daily consumption of chop by three horses of about 90c, or 30c per day for chop for the extra horse.

This makes a total of \$12.27 per day to feed this horse and for 122 days a total of \$154.95.

During this time Brock has turned in to the office in pound fees and dog taxes \$155.50.

Deducting the cost of the feed from the receipts it will leave a balance of 55c in favor of the scheme.

But Brock has been paid \$38.85 commission plus one riding bribe at \$4.75, a total of \$43.60, leaving a deficit of \$43.05.

As regards the bribe, I would like to say here that if the business men of the town would cooperate more with this office and refuse any goods to an employee without a proper requisition signed by some official of the town, it is altogether likely that this article would not have appeared in the town's accounts.

Relative to the boots, it has always been the custom of the town to supply rubber boots to its employees and this includes the teamster. The town has not paid for any shoeing for this horse.

Yours very truly,
W. C. Miller, Secy-Treas.
